

Haoyue Li

331A Thomas Building | University Park, PA 16802
hpl5434@psu.edu | 7343738104

Education

Pennsylvania State University

Ph.D in Statistics

State College, PA

09/2023 - Present

- Advisor: Dr. Runze Li

University of Michigan

M.S in Biostatistics

Ann Arbor, MI

09/2021 - 05/2023

- Advisors: Dr. Peisong Han, Dr. Jeremy Taylor

Nankai University

B.S. in Economics with a Minor in Mathematics

Tianjin, China

08/2017 - 06/2021

- Advisor: Dr. Yongjin Wang
- **Awards and Honors:** Academic Excellence Scholarship (Top 10%, 2019); Tianjin Governmental Scholarship (Top 5%, 2018)

Research Interest

Data Integration; Transfer Learning; Federated Learning; Differential Privacy; Causal Inference; Shrinkage Methods; High Dimensional Statistics

Publications

- **Li, H.**, Li, S., Li, R. (2025). "Uncertainty-Aware SURE Transfer Learning for Logistic Regression." *Advances in Neural Information Processing Systems*.
- Han, P., **Li, H.**, Taylor, J.M.G. (2025). "Integrating External Summary Information via James–Stein Shrinkage." *Statistica Sinica*, in press.
- Han, P., **Li, H.**, Park, S.K., Mukherjee, B., Taylor, J.M.G. (2024). "Improving Prediction of Linear Regression Models by Integrating External Information from Heterogeneous Populations: James–Stein Estimators." *Biometrics*, 80(3), ujae072.

Teaching Experience

Instructor

Pennsylvania State University

- STAT 380: Data Science Through Statistical Reasoning and Computation, Fall 2025, Spring 2026
- STAT 415: Introduction to Mathematical Statistics, Summer 2025
- STAT 418: Introduction to Probability and Stochastic Process for Engineering, Fall 2024
- STAT 401: Experimental Methods, Summer 2024, Fall 2026

Teaching Assistant

Pennsylvania State University

- STAT 561: Statistical Inference I, Spring 2025. Instructor: Dr. Bing Li
- STAT 414: Introduction to Probability Theory, Spring 2023. Instructor: Dr. Stephen Berg
- STAT 414: Introduction to Probability Theory, Fall 2023. Instructor: Dr. Hyungsuk Tak

University of Michigan

- BIOSTAT 602: Biostatistical Inference, Spring 2023. Instructor: Dr. Min Zhang, Dr. Peisong Han
- BIOSTAT 601: Probability and Distribution Theory, Fall 2022. Instructor: Dr. Gen Li

Talks and Presentations

- “Uncertainty-Aware Transfer Learning via Stein’s Unbiased Risk Estimate,” *Contributed talk*, Joint Statistical Meeting, Boston, MA, August 2026.
- “James–Stein Shrinkage for Integrating External Information,” *Invited talk*, SILVER Lab, Department of Epidemiology and Public Health, University of Maryland, virtual, August 2024.
